PROFESSIONAL SUMMARY

Passionate React Native developer with hands-on experience building cross-platform mobile applications. Skilled in developing intuitive UI, integrating APIs, and optimizing performance. Adept at collaborating with teams to deliver user-centric solutions. Committed to continuous learning and leveraging modern tools to build impactful apps.

EDUCATION

Bs Software Engineering

University Of Sindh, Jamshoro, Pakistan
01/2018 – 12/2022

Higher Secondary School

Superior College Of Science, Hyderabad, Pakistan
08/2014 – 04/2016

Secondary School Certificate

Eden Grammar Higher Secondary School, Hyderabad
2012 – 2014

SKILLS

- Languages & Frameworks:** JavaScript, React Native, Redux, Redux Toolkit, React Query
- Tools & Platforms:** Expo, Git, GitHub, GitLab, Firebase, Figma
- Development:** API Integrations, REST APIs, State Management, Custom Components
- UI/UX:** User Interface & User Experience Design
- Others:** Axios, Mapbox, Claude, DeepSeek, OpenAI

CERTIFICATIONS

- MERN Stack Development**
IBA Sukkur (Nov 2023 – Jan 2024)
- WordPress Development**
DigiSkills Pakistan (Mar 2020 – May 2020)
- Freelancing Skills**
DigiSkills Pakistan (Mar 2020 – May 2020)
- Website Designing**
Basic HTML/CSS (Jul 2018 – Feb 2019)

PROFESSIONAL EXPERIENCE

React Native Developer

Verior Inc. | Jan 2024 – Present

- Developed scalable mobile applications using React Native.
- Integrated Mapbox SDK and optimized app performance, reducing load times by 25%.
- Implemented Redux Toolkit for effective state management.
- Collaborated with designers and stakeholders to develop user-focused features.

React Native Developer

Adlerware | Jan 2023 – Dec 2023

- Built cross-platform mobile apps for Android and iOS.
- Integrated Firebase for authentication and real-time database.
- Designed custom UI components and conducted extensive debugging.
- Worked with backend teams to integrate RESTful APIs.

React Native Intern

Department of IT, Liaquat University of Medical & Health Sciences
Jul 2022 – Dec 2022

- Supported development of mobile apps and followed React Native best practices.
- Contributed to UI component creation and layout optimization.
- Assisted in integrating Firebase for authentication and data management.
- Participated in code reviews and team meetings to enhance product quality.
- Conducted testing and debugging to ensure application stability.

LANGUAGES

- English:**
Intermediate
- Urdu:**
Native/Fluent

PROJECTS

- **Record Room:**

Fiverr-style marketplace connecting buyers with sellers in music, videography, and photography. Features dynamic listings, real-time messaging, and user profiles.

- **Vermo:**

Driver-focused app with tour listings, customer data (name, documents, location), calendar integration, and document uploads as PDFs. Includes an employee card in the profile.

- **Riderr App:**

Designed and developed a mobile app using React Native for riders of a charity organization, streamlining ride management, route tracking, and task coordination to support efficient service delivery.

- **Muet Tracker:**

Developed a bus tracking app using React Native to provide real-time location updates, route details, and estimated arrival times, enhancing convenience and reliability for commuters.

- **OCR App:**

Built an OCR-based document scanning app with React Native to capture, crop, and extract text from physical documents.

- **Omni Shield:**

Developed a mobile app for a trusted warranty provider using React Native, offering comprehensive protection plans for a wide range of products, ensuring reliability, peace of mind, and excellent customer support.

- **Book Reading App:**

Created a mobile app using React Native for book lovers, offering a seamless reading experience with features like book browsing, bookmarking, and personalized recommendations.

- **Shoppo eCommerce App:**

Developed Shoppo, an eCommerce app using React Native and Expo providing a user-friendly shopping experience with features like product browsing.

- **We Party:**

Developed a mobile app using React Native and Expo that enables users to browse upcoming concerts and events and securely book tickets.

- **Games App:**

Developed a cross-platform games discovery app using React Native and Expo, allowing users to browse a dynamic collection of games categorized by free and paid status.
